

Laguna Parent Teacher Organization

10475 E Lakeview Drive
Scottsdale, AZ 85258

Laguna Elementary School, together with the Early Learning Center at Laguna, provides A+++ education to children from preschool through 5th grade. Laguna serves families in Scottsdale Ranch as well as surrounding communities via the Open Enrollment program.

The Laguna PTO exists solely to support the school community, and plays an integral part in upholding the high quality of education and overall campus experience at Laguna. We provide financial funding for science and computer labs, instructional aides, training and support of our teaching staff, and numerous capital expenditures to keep the school grounds safe and enjoyable for our community. In addition to financial contributions, we provide countless volunteer hours to orchestrate and staff community events, support classrooms and administration, and fundraise throughout the year.

To help us achieve our fundraising goals, we offer a variety of sponsorship levels, providing businesses and individuals an opportunity to **connect with over 500 Laguna students, staff and their families**. Options for the 2018-19 academic year range from one-time donation to year-round partnership, allowing your business to gain the level of exposure desired. For further details please contact Christine Sterling at supportus@lagunapto.org.
